

Offshore Fabrication Company

PREPARING FOR THE FUTURE

WHO WE ARE

OFFSHORE FABRICATION COMPANY

OFC, a trailblazing Saudi Offshore Fabrication Company, is led by the visionary entrepreneur FAHHAD ALHARBI. Positioned strategically at the Ras Alkhair industrial port, proximate to the world's largest offshore field "Safaniyah," OFC stands poised to redefine industry benchmarks.

Distinguished for excellence, Offshore Fabrication Company specializes in serving major Oil and Gas and energy plants across Saudi Arabia. Our expanding team of seasoned engineers, coupled with cutting-edge equipment and advanced engineering and fabrication capabilities, is dedicated to supporting project owners with unparalleled expertise.

COMPANY BRIEF

OFC, a Saudi Offshore Fabrication Company, is driven by a commitment to excellence. We specialize in providing high-quality products and tailored solutions to meet the unique needs of our clients.

VISION

OFC aspires to lead the worldwide offshore fabrication industry, demonstrating a steadfast commitment to sustainability, decarbonization, and enhancing in-Kingdom value.

MISSION

At OFC, our mission is to pioneer sustainable offshore fabrication practices, embracing decarbonization and delivering products and solutions that surpass global standards. We are dedicated to maximizing in-Kingdom added value, empowering local communities, and contributing to the broader goals of economic diversification and sustainability..

CORPORATE PHILOSOPHY

Offshore Fabrication Company

Compliance to Safety

PEOPLE AND TECHNOLOGY AT ITS BEST

WELDING SCHOOL

At the heart of our OFC yard lies a visionary initiative - a welding school dedicated to empowering Saudi locals. Committed to Vision 2030, our added value program fosters skill development, training the next generation of skilled professionals. This initiative not only enriches the community but aligns with Vision 2030's goals, empowering Saudi talents for a thriving future in the industry.

OFFSHORE FABRICATION COMPANY

OUR SUSTAINABILITY VISION

At OFC, sustainability is the cornerstone of our vision and operations. We are deeply committed to minimizing our environmental footprint while maximizing positive impacts. Our sustainability vision extends across every aspect of our business, from adopting eco-friendly practices in our operations to investing in innovative technologies that minimize carbon emissions and promote energy efficiency. Beyond environmental stewardship, we prioritize social responsibility by engaging local communities, fostering economic growth, and promoting a safe and inclusive workplace. Our sustainability vision isn't just a commitment; it's a promise to safeguard the environment, empower communities, and pave the way for a brighter, more sustainable future.
